

# ANTONIO BELTRÁN

## WEB DEVELOPER

Highly motivated web developer with superior attention to detail. Driven and self-motivated, therefore, effective at completing tasks with minimal supervision. Initiated into programming and experienced in processing and analysing data, I am determined to expand my IT skills to eventually become a full-stack developer. Accustomed to work in a fast-paced and changing environment which requires excellent problem-solving skills, proficiency in managing priorities, and to be able to inspire a team and keep them motivated.
